Re: BEI Pier 91, EPA I.D. No. WAD 00081 2917
RFI Schedule

Dear Mr. Stiller:

This letter is in response to Burlington Environmental Inc.'s (BEI) May 21, 1993 request for four variances to the Resource Conservation and Recovery Act (RCRA) Facility Investigation (RFI) Workplan at the BEI Pier 91 facility. BEI and EPA have most recently discussed these variances at an August 9, 1993 meeting and on August 20, 1993, EPA received additional support documentation for these variance requests from BEI. EPA is evaluating your August 20th submittals for three of the variance requests, but has made a final determination regarding the revised RFI schedule in this letter.

EPA finds that the extenuating circumstances described in your May 21, 1993 submittal are sufficient to justify a new schedule. Therefore, with the following exception, EPA hereby approves the schedule as contained in your May 21, 1993 submittal (enclosed): the facility's response to the interim measures questions is to be completed 30 days prior to completion of the draft RFI report. In accordance with the revised schedule, the submittal date for the draft RFI report is now October 25, 1993 and the submittal date for the interim measures response is September 27, 1993.
